## PREVENTION CASE MANAGEMENT (PCM): FORM

- a. A separate intervention plan must be completed for each intervention level for each population. Please review the instructions before completing the form.
- b. Please be as brief as possible. Your intervention plan should not exceed 7 pages in total.

(6D) Anticipated measurable outcomes:		Number of clients
Total number of people to be contacted for PCM		
Number engaging in an initial PCM session (same as Total Clients in	n Section	
(4A)		
Number receiving at least 3 sessions		
Number completing an initial Behavioral Risk Assessment Tool (BRA	AT) (near	
Number completing a second RPAT (et 2 months)		
Number completing a second BRAT (at 2 months)  Number with some sexual or drug risk behavior change between BR	AT 4 and	
2, as evidenced on the BRAT	Alland	
Number with some behavior change as noted in chart (but not neces	eearily	
captured on BRAT)	33umy	
Number completing a third BRAT or more		
Number with evidence of maintenance of sexual or drug risk behavior	or change	****
based upon 3 <sup>rd</sup> BRAT		
Of clients in PCM, number linked to care and treatment (those previous	ously	
linked and linked as result of entering PCM)		
Additional measurable outcomes		
(7) SERVICE PLAN DESCRIPTION	******	
(7A) Service delivery		
Service delivery model (i.e. frequency, method to reach people, etc)	: Include al	l strategies.
Time of Jan.		
Time of day:		
Service area:		
Setting/location:		
Content/messages:		
(7B) Staffing issues		
Number of FTE (full time equivalent) staff providing the	FTEs with	FTEs with AIDS
intervention:	all funds	Program funds
Number of volunteers (individuals, not FTEs) assisting with the		
intervention.		
Staff background and experience with risk population:		700 74.10
Staff training and development:		
Supervision:		

(7C) Data collection and evaluation:			
(7D) Referral sources – into your services	Referrals – to	other services	
(7E) Work plan steps:		Key dates:	,
Needs assessment and program developme	ent:		
Hiring/training:			
Services begin:			
Other:		·

The minimum data required for this report are the totals contained in the double-lined boxes (gender & race/ethnicity) at the far right of the table above. Completing the other cells is optional but encouraged. The exception to this is if your intervention targets a specific age group. In that instance, age data MUST be supplied.
